

Dear Participants,

SIAL Canada, as an industry leader, has been following the evolution of the COVID-19 crisis very closely. In light of recent developments in the ordinances announced in Quebec, we have decided to postpone the event **to August 5-7 at the Palais de Congrès in Montréal.**

The Expo has been North America's premier agro-industrial event for years, and the 2020 edition will be- now more than ever- the image of inspiration.

We hope the spread of the virus will be curtailed in due time, and we are grateful for your continued support and confidence. We are excited to collaborate with you on a great **2020 SIAL Canada edition.**

Sincerely,

Xavier Poncin
CEO Expo Canada France/SIAL Canada
